

Dee Valley Group plc
Statement regarding Draft Business Plan

Dee Valley Group's operating company, Dee Valley Water ("the Company"), today submitted its Draft Business Plan to Ofwat for the provision of water services covering the five-year period commencing April 2010. Following feedback from stakeholders on the draft the Company will be submitting a Final Business Plan in April 2009.

The Company is proposing a significant investment during the period of £38 million aimed primarily at maintaining current levels of service to its customers.

The Draft Business Plan proposes increases in the annual average household charge over the period of a little more than £6 per annum at today's prices.

A summary of the Draft Business Plan will shortly be available on the Group's website and can be viewed by following the link below:
